RULE 1
BAY AREA COMMUTER BENEFITS PROGRAM

14-1-100 GENERAL

14-1-101 Description: This rule serves as the regional commute benefits ordinance authorized by California Government Code section 65081. The purpose of this rule is to improve air quality, reduce emissions of greenhouse gases and other air pollutants, and decrease traffic congestion in the San Francisco Bay Area by encouraging employees to commute to work by transit and other alternative commute modes.

14-1-102 Applicability: This rule applies to all public, private, and non-profit employers for which an average of 50 or more full-time employees per week perform work for monetary compensation within the geographic boundaries of the Bay Area Air Quality Management District (District) as determined pursuant to Section 14-1-402.

14-1-103 Disclaimers: This rule shall not be interpreted to:

103.1 Prevent an employer from offering a commuter benefits program that is more generous than the minimum requirements described in this rule, provided that the employer complies with all provisions of this rule.

103.2 Require any employee to change his or her commute mode.

103.3 Absolve any employer or other party from any obligation required by an existing collective bargaining agreement with employees, or any provision of law.
